

Whether a retailer is subject to Illinois Retailers' Occupation Tax (sales tax) liability or is required to collect Illinois Use Tax from its Illinois customers will depend on if that retailer has sufficient "nexus" with the State of Illinois so that the retailer will be subject to Illinois law. See 86 Ill. Adm. Code 150.801. (This is a GIL).

June 29, 2000

Dear Xxxxx:

This letter is in response to your letter dated April 25, 2000. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120 subsections (b) and (c), which can be found at <http://www.revenue.state.il.us/legalinformation/regs/part1200>.

In your letter, you have stated and made inquiry as follows:

I am sending a black and white cultured pearl bracelet strung onto 18ct white gold clasp to an individual in Illinois. I need to know if there are any **State Sales taxes** on this item and if so what they will be. The item has been purchased for US\$350 and will be sent at that value and I know that there is a Customs Import Duty of 5.5% into America of all items over \$200 but the American embassy in London was not certain about State Taxes.

I would be grateful if you could contact me at the above address or email me with the information.

Thank you for your assistance.

Whether a retailer is subject to Illinois Retailers' Occupation Tax (sales tax) liability or is required to collect Illinois Use Tax from its Illinois customers will depend on if that retailer has sufficient "nexus" with the State of Illinois so that the retailer will be subject to Illinois law. The following information outlines the principles of nexus. We hope it is helpful to you in determining whether your corporation has nexus with Illinois.

An "Illinois Retailer" is one who either accepts purchase orders in the State of Illinois or maintains an inventory in Illinois and fills Illinois orders from that inventory. The Illinois Retailer is then liable for Retailers' Occupation Tax on gross receipts from sales and must collect the corresponding Use Tax incurred by the purchasers.

Another type of retailer is the retailer maintaining a place of business in Illinois. The definition of a "retailer maintaining a place of business in Illinois" is described in 86 Ill. Adm. Code 150.201(i), enclosed. This type of retailer is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801, enclosed. The retailer must collect and remit Use Tax to the State on

behalf of the retailer's Illinois customers even though the retailer does not incur any Retailers' Occupation Tax liability.

The United States Supreme Court in *Quill Corp. v. North Dakota*, 112 S.Ct 1904 (1992), set forth the current guidelines for determining what nexus requirements must be met before a person is properly subject to a state's tax laws. The Supreme Court has set out a 2-prong test for nexus. The first prong is whether the Due Process Clause is satisfied. Due process will be satisfied if the person or entity purposely avails itself or himself of the benefits of an economic market in a forum state. *Quill* at 1910.

The second prong of the Supreme Court's nexus test requires that, if due process requirements have been satisfied, the person or entity must have physical presence in the forum state to satisfy the Commerce Clause. A physical presence is not limited to an office or other physical building. Under Illinois law, it also includes the presence of any agent or representative of the seller. The representative need not be a sales representative. Any type of physical presence in the State of Illinois, including the vendor's delivery and installation of his product on a repetitive basis, will trigger Use Tax collection responsibilities. Please refer to *Brown's Furniture, Inc. v. Zehnder*, 171 Ill.2d 410 (1996).

The final type of retailer is the out-of-State retailer that does not have sufficient nexus with Illinois to be required to submit to Illinois tax laws. A retailer in this situation does not incur Retailers' Occupation Tax on sales into Illinois and is not required to collect Use Tax on behalf of its Illinois customers. However, the retailer's Illinois customers will still incur Use Tax on the purchase of the out-of-State goods and have a duty to self-assess their Use Tax liability and the customer must remit the amount directly to the State. The Use Tax rate is 6.25%.

I hope this information is helpful. The Department of Revenue maintains a website, which can be accessed at www.revenue.state.il.us. If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of the enclosed copy of Section 1200.110(b).

Very truly yours,

Terry D. Charlton
